

BEATSON'S CONCRETE

Email Confirmation & Terms and Conditions

Along with our full Terms & Conditions available at www.beatsonsconcrete.co.uk your attention is drawn to the following points:

Times:

- We aim to be on site within 1 hour of the time quoted.
- We cannot be held responsible for late deliveries due to factors out with our control.
- We allow 15mins per cubic meter poured prior to a waiting charge of £1.25min being applied.
- The company reserves the right to charge for every minute thereafter.

Offload:

- Our Barrow service is no longer available.
- Our lorries come equipped with 2 wheelbarrows should you require the use of them.
- Responsibility for ensuring concrete can be moved from the Mixer to the area required falls to you the customer. E.g., Barrowing yourself, use of a dumper etc.
- Please ensure you have enough labour available to handle the volume of concrete required.

Access:

- The Company assume that access will be available for delivery. The size and clearance required for our vehicles is displayed on our website and below.
- It is worth noting our lorries can weigh around 38 ton when fully loaded. We may be unable to access driveways. Should you require our lorry to leave the highway you must sign a disclaimer giving our driver permission.
- If access is not available, then we reserve the right to charge a cancellation fee.

Cancelling:

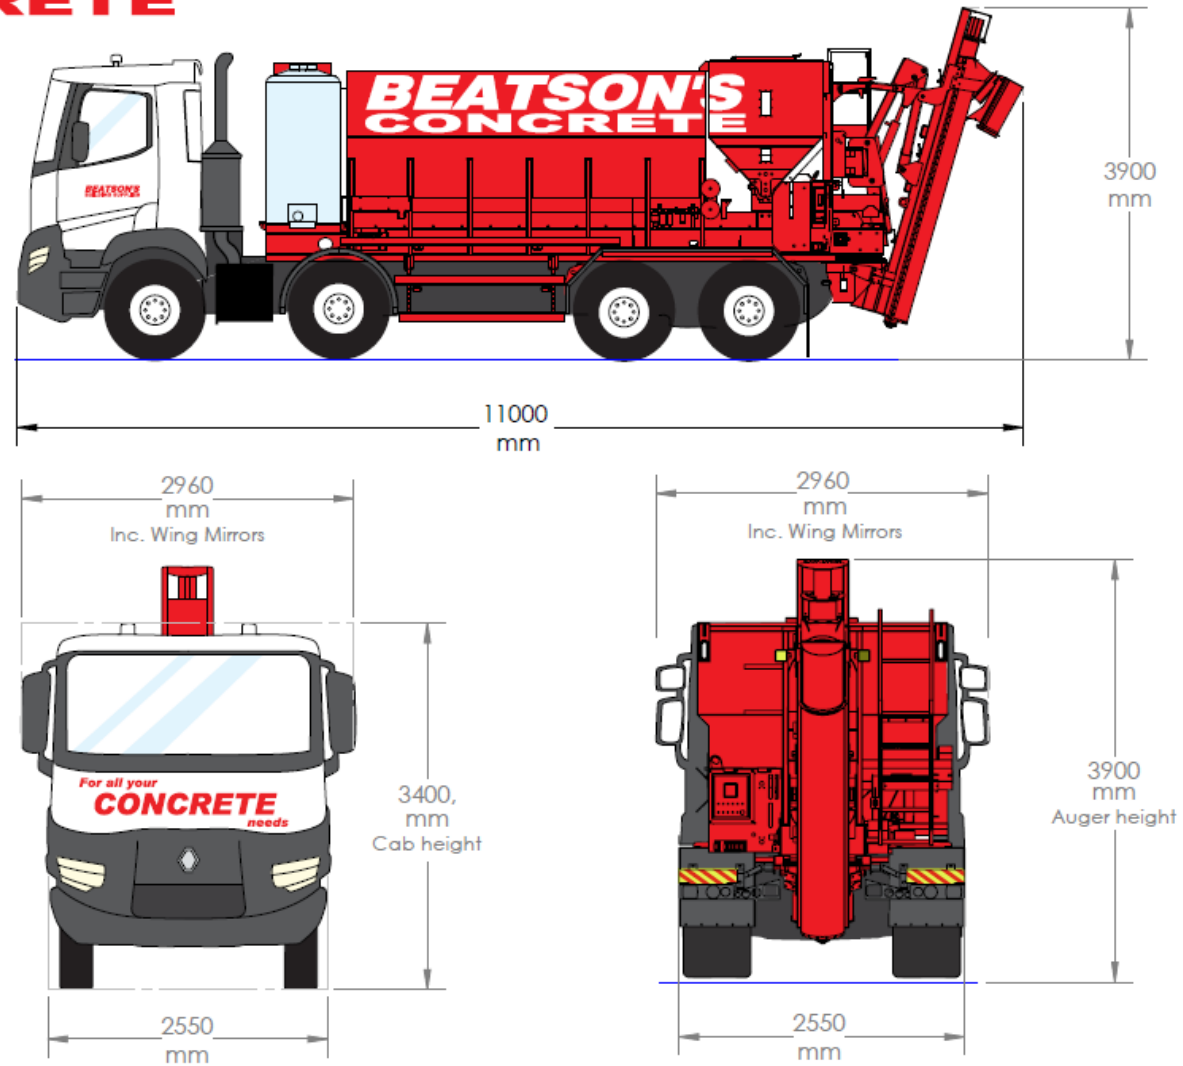

- Customers have until 3pm the day before, to cancel or move any booked concrete.
- For Monday pours, this must be cancelled or moved by 12pm the Saturday prior.
- Same day cancellations will incur a charge of 50% of the concrete ordered.

Payment:

- If you do not have a credit account with Beatsons Building Supplies, we would require payment prior to delivery.
- Payment would be taken for the quoted amount and your details stored on file until the pour has been complete.
- If you use less than ordered, we will refund the difference back. (min 1m³ Charge applies)
- Alternatively, if you required more on the day, we would charge this once the pour has been complete.
